Additional Backup Information

The purpose of the hearing is to hear public comments on the proposed increase to the drainage fee. This increase was initially proposed during the FY2009-10 Budget process as part of a series of increases. Although Council approved that plan, the Department did not increase the fee in FY2010-11 or FY2011-12 due to the economic climate. A fee increase is necessary for the Department to maintain a stable transfer to its Capital Improvements Program.

The proposed residential Equivalent Residential Unit (ERU) charge for Fiscal Year 2013-14 is \$9.20 per month (an increase of \$.85 from the current rate of \$8.35). The proposed non-residential (commercial) ERU charge for Fiscal Year 2013-14 is \$227.33 per acre of impervious cover per month (an increase of \$21.00 from the current rate of \$206.33).

State law requires that proposed drainage fee increases be published in a newspaper of general circulation three times prior to the public hearing, the first notice of which must be on or before the 30th day before the hearing. The three notices were published on July 19, August 4 and August 14, 2013.

Council is scheduled to adopt the 2013-14 Proposed Budget on September 9, 10 and 11, 2013.
